

Holy Family is an Achievement for All (AFA) school. This is a national programme for schools 'where every child is enabled to be the best that they can be regardless of their background, the challenges they face or the needs they may have.'

In September 2013 we joined AFA and embarked on a two year programme of support and intervention for a carefully selected group of children and their families. Now, having reached the end of this programme we are very proud and pleased to say that we have seen significant increases in children's attainment, attendance, happiness and wellbeing and in parental engagement with school. We are equally proud to announce that because our good results and commitment to the programme have been recognised by our AFA coach, Sally Arthur, we have been invited to continue with the programme to work towards gaining the AFA Quality Mark for the school.

If you would like to know more about the AFA programme please click on this link www.afaeducation.org or come into school and ask to speak to Sharon Clift, the AFA Champion for Holy Family.
